NEW PRODUCTS:

Power Commander PC5 for 2009-2010 Suzuki GSX-R1000

The Power Commander is one of the devices used by Star when we dyno tune a motorcycle. It is a fuel injection adjustment unit that plugs "inline" with the bike's stock ECU. The New Power Commander V is loaded with tons of new features and is compatible with 2009 and newer bike models. Power Commander's are also available for other Suzuki, Kawasaki and Harley models. Call Reed 800-841-7827 to place your order or email reed@starracing.com for more information.

GOT YOUR TAX REFUND CHECK?

Your tax refund goes farther at Star Racing. Race season, Bike Week and the riding season is fast approaching so now is the time to stock up on parts or schedule your machine shop work. Our parts pricing is equal to or lower than all our competitors. We've lowered the price on machine work to help you meet your budget. Spend your tax refund wisely. Call Star Racing 800-841-7827!

B2 HEMI FEATURED ON POWERBLOCK

This 1968 Dodge Dart has been restored, rebuilt and improved by the B2 team, George Bryce owner of Star Racing, and Ray Barton of Ray Barton Racing Engines. Equipped with a modified 572 Mopar crate Hemi engine, performance is guaranteed at 850+ hp, 0-100 in 5 seconds and 9 seconds in the ¼ mile. Known worldwide for making motorcycles go fast, Bryce gets the opportunity to show off his other passion - high performance Hemi cars. Tune in to Powerblock on Spike TV to watch George Bryce and the B2 Hemi on February 20th or 21st.

FEBRUARY SPECIAL:

Regular price \$49.95 - **February only special \$39.95 per set.** 2008 Hayabusa, 2005 GSX-R1000, racing 1999-2007 Hayabusa. These cush drive dampers provide improved performance, greater durability, will outlast the stock OEM rubber and are much stronger. They will reduce your reaction time at the drag strip. Whether you are drag racing a high horsepower bike, cruising the street, or if you are a daily driver you will benefit from this product. By changing the compound they hold their shape

over time and resist the abuse of modern day motorcycles. They are made in the USA! Visit the [Star web store](#) for more information. Call Reed at 800-841-7827 and order today!

(Special price cannot be combined with any other discounts).

VENDOR SPOTLIGHT:

Did you know that one of Star Racing's specialties is high performance S&S Cycle v-twin [parts](#) and [engines](#)? We played a big part in the design and testing of the TCSA [126"](#) and [145"](#) and have sold and built a lot of them. S&S has been in business for over 50 years and they wrote the book on *go fast* parts for Harley's®. S&S has the highest standards and best quality parts.
